IN THE MATTER OF AGREEMENT BETWEEN DARKE COUNTY COMMISSIONERS/DC SOLID WASTE AND RUMPKE CONSOLIDATED CO. FOR THE 2013 SCRAP TIRE RECYCLING DAY EVENT THAT IS SCHEDULED FOR SEPTEMBER 26, 2013

Mr. Rhoades moved to approve the following 'Letter of Agreement'; motion seconded by Mrs. Delaplane and all voted YEA.

Rumpke is proud of the on going working relationship it has with Darke County to host and coordinate the logistics for the annual Scrap Tire Recycling Days held at our Greenville facility.

Rumpke is pleased to again propose services to Darke County for your 2013 Scrap Tire Recycling Day scheduled for Sept 26th, 2013. As you are aware, Rumpke continues to be actively involved with scrap tire shredding and recycling and, we are a licensed scrap tire transporter in the State of Ohio.

Rumpke proposes the following services for the special scrap tire recovery program for Darke County residents. We would provide 40 cubic yard roll-off containers, staged at our Greenville Transfer Station, on Sept 26th for the collection of scrap tires. Rumpke would incorporate 100 cubic yard transfer trailers into the process based on availability.

As in past events Rumpke would provide a staff person to oversee the loading of the tires, but would not be directly involved in the loading of the containers. We would accept in a commingled form all auto and truck tires, both on and off rim, and farm implement tires. We, however, cannot accept tires from dozers, loaders, or earth moving equipment or any tires in excess of 12 ply.

As with past events, once collected, the tires would be transported to our shredder operation in Hamilton, Ohio. The tires are shredded, ground and subsequently transported to our Brown County Sanitary Landfill, where they are beneficially reused as a drainage media / protective cover for the synthetic landfill liners in ongoing cell construction. This is an EPA approved beneficial reuse as a gravel/sand substitute. We are also continually exploring prospective buyers for the shredded material as an alternative fuel source to selected end users.

The base costing for the project would be \$293.00 per load hauling for 40 cubic yard containers. Hauling for 100 cubic yard Transfer trailer loads would be \$561.00 per load. There would be a \$88.25 per ton processing charge regardless of the vehicle/ container type that the tires are hauled in. As in past years there would be a fuel surcharge applied to the charges which is adjusted monthly and is listed at our website www.rumpke.com. The use of the Rumpke facility, and the associated staff person are included in the above pricing structure.

To accommodate the volunteers and participants Rumpke will also provide portable restrooms and a handwashing station for the event.

IN THE MATTER OF PUBLIC ATTENDEES/COMMENTS:

**Ryan Carpe w/Daily Advocate: Had several questions for the Board. Question regarding the Agreement btwn DC General Health District and Darke County & Solid Waste. Wanted to know length of Term and exactly what services do they offer the county? Question #1: Commissioners explained that the length of term is for a 3 year period (July 1, 2013 – June 30, 2016). Their services include helping the Darke County Solid Waste District , by implementation and maintenance of a coordinated DC SWD program, such as the enforcement of solid waste facility laws, rules, orders, terms & conditions of permits, licenses etc. Question #2: Also, wanted information regarding the '2013 Litter Collection & Prevention Grant Agreement' for next years' 2014 Trash Bash? Commissioners advised him regarding the success that the program is having and that this grant can help with all costs with setting up event etc. It cannot be used for payment for the 'Groups' that participate in the event. Those monies come from the DC Solid Waste District (#610) outside funds. Question #3: Was the 'Merit Increases' figured at the same percentages? Commissioners advised that they were not. Question #4: Signs in front of Courthouse & Administration Bldg. He commented that they look very nice and Commissioners advised that there are six (6) signs total. Commissioners gave some examples of the public coming in and asking where the Courthouse, Bldg. Regulations etc. was located. They hope that this will help the public so they are not going to the wrong bldg. etc. Business Adm. John Cook also explained the process of getting the signs made, cost etc.
